Opportunity to Save Money

GNLD provides the highest quality food based nutritional supplements available to customers. Products are produced under a pharmaceutical license to insure safety and uniformity. GNLD products are sold to customers with a satisfaction guarantee. Any product with which a customer is unhappy can be returned for a refund.

GNLD has a special program for those who wish to use the products the company provides on a regular basis but are not interested in the income opportunity. This designation is called a Member. GNLD Members purchase products at a discount of 15% off the retail price. They also are registered with GNLD and can have their orders shipped directly from GNLD.

Opportunities to Make Money

GNLD has two basic opportunities to make money. One is the Basic Plan. The other is called the Pro Plan. The Basic Plan has no other requirements than simply filling out an application and paying the required fee. The Pro Plan requires a commitment and offers the opportunity to earn income much more rapidly.

Basic Plan

The requirement to become involved as a distributor in the basic plan is a registration fee of \$49.00 and an annual renewal of \$30.00. The distributor qualifies for an immediate 25% discount from the retail price of the products. An additional discount of 6-8% is available if cases (usually 6 items) are purchased. Additional discounts are available on the following schedule:

| | |
|--------------|-----|
| 250 Points | 3% |
| 500 Points | 5% |
| 1,000 Points | 10% |
| 2,000 Points | 15% |
| 4,000 Points | 20% |

Pro Plan

The Pro Plan or Professional Plan is designed to facilitate the ability to earn income rapidly. The cost to enroll as a Pro Plan distributor is \$99 (\$49.00 for the Basic Plan plus an additional \$50.00 for the Pro Plan kit which includes 10 DVD's and other materials to aid the new distributor in sharing the company and products with others. Pro Plan distributors have the ability to earn pay at the top of the pay scale for the Basic Plan if they meet certain qualifications.

Pro Plan distributors make a commitment to purchase 100 Points worth of product a month. They can choose special bonuses by making the following one time purchase.

| | | |
|------------|-----------|--|
| 100 Points | 10% Bonus | Cost \$95.00 for Pak A and Pak B |
| 250 Points | 15% Bonus | Cost \$285.00 for Pack A and Pak B |
| 500 Points | 20% Bonus | Cost \$650.85 for Super Pak A and \$533.65 for Pak B |

In other words, the Pro Plan makes it possible for the new distributor to take advantage of the top of the pay scale discounts *for their own initial purchase of product*. Orders must be placed directly with GNLD.

Initial product discounts for the first personal product purchase for Pro Plan distributors follows the following scale:

| | |
|----------------|--------------|
| Distributor | No discount |
| Manager | 10% discount |
| Senior Manager | 20% discount |

It also make it possible for Pro Plan distributors to earn *top of the pay scale pay outs for new distributors sponsored under Pro Plan*. These payouts involve the new distributors first purchase. As new Pro Plan distributors are brought into the business they automatically fall into the accelerated payout plan. Payouts on this program extend to the second level. Total pay outs on the first two levels of Pro Plan volume and distributor discount are 40%.

Here is how it works:

Bonuses on paid on a figure called Bonus Volume. Bonus volume for the beginning package is as follows:

| Qualification | Bonus Volume |
|----------------|---------------------|
| Distributor | 120 BV |
| Manager | 360 BV |
| Senior Manager | 795.50 BV Pack A |
| | 730.80 BV Pack B |

After the first purchase the only requirement is 100 Points a month. The new distributor can put together their own automatic order consisting of any products.
